Bootstrap Grid System

How it works

Container

Bootstrap Grid System

Firstly, we divided the row into two columns

This is column-1 .	This is column-2 .

Secondly, we divided the row into three columns

This is column-1 .	This is column-2 .	This is column-3 .

Then, we divided the row into four columns

This is column-1 .	This is column-2 .	This is column-3 .	This is column-4 .

Finally, we divided the row into six columns

This is column-1 .	This is column-2 .	This is column-3 .	This is column-4 .	This is column-5 .	This is column-6 .

.col-4	.col-4	.col-4

.col-12

.col-6	.col-6

.col-8	.col-2	.col-2
